

Care for Common Home Newsletter RNDM

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news from India Centre Province

We live on a beautiful planet with all kinds of plants and with a vast wealth of natural resources. Having known the importance of planting trees such as prevention of global warming by taking in carbon-dioxide for photosynthesis, keeping the temperature low by releasing water vapour into the atmosphere which helps in return to cause rain and keeping the environment more beautiful, green and clean etc...

We the Central Province – India, have planted 1652 trees since the last time assessment.

The trees were planted in our community compound, school ground, social work centres, distributed trees to children in schools and social centres, encouraged people to plant trees in work areas, and schoolchildren are taught to plant trees etc...

◆◆◆◆◆◆◆◆◆◆ “We are called to be responsible stewards and citizens as

we care for and sustain the earth which belongs to the Lord. This is hope in action

as we pray and yearn for a better and safer world for all people and creation. We

each need to do our part for creation care.”
