Care for Our Common Home

RNDM News

The purpose of this newsletter is to provide news of RNDM involvement in actions and activities related to our ministry of Caring for Our Common Home.

Good news story from Vietnam:

This is a vegetable garden of the kindergarten belonging to the Minh Hung Community of the RNDMs. During outdoor lessons, children will learn how to grow and care for a variety of vegetables, more importantly teach them to be grateful to Mother Earth.

The children are harvesting vegetables they grew to prepare food for lunch.

What a great example for the children, teaching them from an early age to grow food for themselves. No chemicals.

Keep up the good work in Vietnam.

Others may be able to do the same in their kindergartens.

Let us treat the planet well and encourage others to do the same.
